Allowable Subject Matter

2. Claims 1, 3-14 are allowed.
3. The following is an examiner's statement of reasons for allowance: The amendments as well as arguments presented by the Applicant, namely, that the temperature sensor and the infrared absorption layer overlap the heat insulating supporting legs, and that the removal of the first and second sacrificial layer as well as a portion of the substrate opposite the temperature sensor forms the claimed first, second and third cavities, overcome the rejection applied against the claims, and render the claims allowable over the prior art cited.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
